

## ELECTRICAL ENGINEER, P.E.

**Jarmel Kizel Architects and Engineers, Inc.** is a full service award winning Architectural and Engineering firm with offices in Livingston, New Jersey. At this time, our firm has an opening in our MEP department for a licensed professional engineer. We are in a growth mode and we are seeking quality talent to join our firm. We will accept resumes from professional engineers with experience and skills as noted below. As a design engineer, you will work closely with the architectural project manager and have the opportunity to become involved in large and exciting projects.

### Experience Requirements

- Advance knowledge of electrical design related to commercial, industrial, retail and hi-rise residential applications.
- Experience with LED lighting principles
- Ability to develop design solutions and oversee the preparation of the construction documents for implementation.
- Bachelor of Science from an accredited school of engineering
- P.E. License is required for this position.
- 5- 7 years experience in similar role
- Software requirements include, AutoCAD and basic Microsoft Office. Revit is being introduced in our office and you will receive training if you do not have experience with this software.
- Candidates should have experience with both client management and servicing
- You should have the ability to "sell" your design concept to the client
- Competent knowledge of local Building Codes and Energy Code Compliance
- High level of organization and attention to detail

### Compensation & Benefits

We offer a competitive salary and a group of significant benefits.

- Medical insurance for the employee and family with major contributions by the Firm
- Disability and life insurance for the employee paid for by the Firm
- A 401k plan with a 10% match by the firm.
- Initial 2 week vacation that increases as your time with the firm grows
- Generous holidays and personal time
- Flexible hours
